California Grid Coach Passes Marylander in Speech Before Chicago Democrats Aims Views on Issues

Denounces Prohibition Act and Centralization of Power in Government

(EXCLUSIVE DISPATCH) CHICAGO, Jan. 8.—Gov. Ritchie of Maryland, one of Democracy's white hopes in the next Presidential year, was tested out tonight before the chiefs and workers of the party at the Jackson Day banquet of the Ironsides Club.

Gov. Ritchie is known as a State's rights man and a conservative. While personally a dry, his attitude on this issue is that if the States want light wines and beer they should be permitted to have them. Much of his address was devoted to tracing the evils of excessive centralization of government at Washington.

On the World Court issue he was noncommittal, contenting himself with saying:

"We must all recognize America's interest in world peace and its place in world-wide affairs. But before we join any world court or international league we must be more than sure that we are not in any way sacrificing any of our traditional rights of independence."

SCANNED BY BOUBONS He was viewed critically by more than 2000 Democrats who have much to say about the Illinois vote at the next convention.

His visit to Chicago, originally proposed by Ross C. Hall of the Ironsides Club, was taken up as a major political event by the executive committee of the local and State Democratic party.

The whole problem of government revolves around the problem of making local leaders count. Gov. Ritchie told those local and State chiefs of his party.

Over-centralization is largely due to the modern notion that law, instead of being a system to protect property, is a scheme for social control, intended to secure the moral well-being of the individual and generally the good of the community.

When you set up the central government as a parent patrias it easily becomes the instrument of leagues, groups, minorities, cities, and all who seek to make man over to their own notions, instead of to the general idea of law.

"The life of the law is its enforcement. No law is in fact a mere suggestion."

MERCIER'S CONDITION ALARMING SNOWSTORM VISITS DIXIE

Cardinal Losing Strength and Recovery Doubtful; Hopes for Prayers

(BY CABLE AND ASSOCIATED PRESS) BRUSSELS, Jan. 8.—The advanced age of Cardinal Mercier, primate of Belgium, makes doubtful his recovery from the effects of his operation last week. It was said in medical circles today.

The Cardinal, who is 74 years of age, continued to lose strength today owing to his inability to take nourishment. It is reported that he also is suffering from mania of the leg.

"I hope that many prayers are being offered for me, and that all hopes are not yet lost," the aged prelate told a priest attached to his newspaper, the Vingtieme Siecle, whom he insisted upon receiving despite his precarious condition.

"My operation was a complete success, but my stomach has failed me, or has almost failed me. There is nothing more the doctors can do," he said.

Declaring that the holy sacrament was administered Wednesday at his own request, he said:

"When my health was good I always said I wished to receive the last sacrament, not when I was compelled to receive it, but while I could still receive it, and I feel myself a little better."

Hours of Film 'Extras' Before Welfare Board

(BY A. P. NIGHT WIRE) SAN FRANCISCO, Jan. 8.—The State Industrial Welfare Commission met here today to determine what action will be taken in the employment of the hours of "extras" employed in motion pictures.

Improvement of the methods of payment is also being investigated. Announcement of the plans of the commission soon will be made in Los Angeles.

Valentino Film Howled Down by Italian Fans

(BY CABLE AND ASSOCIATED PRESS) ROME, Jan. 8.—Rudolph Valentino's film "Monsieur Beaucaire" was howled off the screen in a cinema theater here last night. The demonstration is attributed to the feeling aroused by the Italian actor's recent application for American citizenship.

A movement to boycott Valentino's films in Rome recently brought personal orders from President Mussolini that they were not to be interfered with.

THE EX-KAISER AND EUROPE

Beginning tomorrow The Times will publish an exclusive interview with ex-Kaiser Wilhelm, former Emperor of Germany, in which he gives his version of international incidents during the World War and momentous events which have transpired in Europe since the armistice.

The manuscript, which was submitted to the ex-Kaiser for his scrutiny and sanction, appears in four parts, to be published on successive days.

Responsibility for the war, America's part in the conflict and exchanges between the former German ruler and the late President Wilson are discussed in detail, many points being brought out which have not heretofore been published.

NEWTON GETS BANK POST

(BY A. P. NIGHT WIRE) LOS ANGELES, Jan. 8.—I. B. Newton, Los Angeles, was appointed today as Federal Reserve agent and chairman of the board of the San Francisco Federal Reserve Bank in succession to John Perrin, who resigned recently, effective March 31, after a service of approximately ten years.

The appointment of Mr. Newton is for the unexpired term of Mr. Perrin from March 31 to December 31.

Mr. Newton, well known in financial circles throughout the State, is chairman of the loan committee and director of the Farmers and Merchants National Bank of Los Angeles, and chairman of the board of directors of the Los Angeles branch of the Federal Reserve Bank of San Francisco. He also is a director of the Union Oil Company of California.

Graduating from Yale in 1914, Mr. Newton came to Los Angeles and engaged in the mercantile business as secretary and treasurer of Harper & Reynolds, wholesale hardware dealers, and remained with them until July, 1919. In the meantime he had become associated with the California Bank, which later became the American National Bank. For the last twelve years he has been a director of the Farmers and Merchants National Bank and for ten years chairman of its loan committee.

Mr. Newton naturally will have to have his offices in San Francisco, but will continue to make his home in Los Angeles.

Attorney-General First on Stand Before Senators in Aluminum Inquiry

Prosecutor Grows Caustic in Answers to Walsh on Contempt Hearing

(BY A. P. NIGHT WIRE) WASHINGTON, Jan. 8.—With Atty.-Gen. Sargent as the first witness, the Senate Judiciary Committee began today an inquiry into the failure of the Department of Justice to bring contempt proceedings against the Aluminum Company of America, in which Secretary Mellon is a large stockholder.

Assistant Attorney John Donovan and Chairman Vernon W. Van Fleet, Secretary Otis B. Johnson and Chief Examiner Millard Hudson of the Federal Trade Commission also were called as witnesses in the inquiry, which is expected to cover a wide range, affecting both the Justice Department and the Trade Commission.

Asked by Senator Borah, Republican of Idaho, what good the Federal Trade Commission evidence is if it cannot be used, the Attorney-General said he does not know that this has been worked out. He added that the commission takes the view that success of its investigations frequently depends on keeping some of its confidential.

Sensor Walsh insisted that a resolution passed by the commission in February, 1925, withheld from the Department of Justice not only the evidence received in conference from the aluminum company but all information received from that company.

The Attorney-General said he had no objection to the commission's view that success of its investigations frequently depends on keeping some of its confidential.

Deserted Wife and Heir to Throne

Europe Aroused Over This Baby Boy

A charming and hitherto unpublished picture of Crown Prince Carol of Rumania and his son, Prince Michael, now 4 years of age, who has been proclaimed heir apparent to the King of Rumania following renunciation of the throne by Michael's father, Prince Carol.

TETHER CAROL'S BROTHER

Publicity on Throne Renunciation Causes Envoy to Ban Prince Nicholas From Party

PARIS, Jan. 8.—Publicity given to the renunciation of the throne of Rumania by Prince Carol and selection of his 4-year-old son, Prince Michael, as heir apparent was directly responsible for a diplomatic incident last night which has set all Paris talking, when the Rumanian government interfered with an attempt to play a party at the Hotel Majestic.

Bucharest's Minister here ordered Prince Nicholas, 24 years of age, not to go to a brilliant dinner-dance and ball given at the Hotel Majestic by Mrs. Hilda Forster Agar, a young English woman who recently was divorced from one of the most wealthy Argentine living in Buenos Aires.

Mrs. Agar has been seen often in the company of Prince Nicholas. The elite of the American and English colonies and the smart set of French society circles were present.

A jazz band from one of the best colored cabarets in Montmartre was especially hired to play Charleston music and several singers and dancers from the Prince's favorite cafes were engaged.

Then at 8 o'clock the Rumanian Minister telephoned Mrs. Agar that the Prince would not be able to attend owing to diplomatic illness, pointing out to her that in view of the publicity in connection with former Crown Prince Carol's renunciation of his right to the succession of the Rumanian throne and the fact that Nicholas would be one of the regents until little Prince Michael comes of age, King Ferdinand thought it would be better if his son did not attend the dance.

ATLANTIC FLEET ON WAY TO GUANTANAMO

NEW YORK, Jan. 8.—Fifteen ships of the Atlantic Fleet that have been in the Brooklyn Navy Yard for repairs, sailed today for Guantanamo, Cuba, where they will participate in the winter maneuvers.

The light cruisers Richmond, Cincinnati and Milwaukee were the first to leave the yard. Eleven destroyers led by the Hopkins followed to follow, sailing at fifteen-minute intervals.

The supply ship Bridge is scheduled to move southward, later today. The Wyoming, Rochester, Seattle and several destroyers are remaining at the yard for further repairs but are expected to sail later.

BOSTON, Jan. 8.—Two scout cruisers, five destroyers and the supply ship Braxton, sailed today for Guantanamo Bay, Cuba, for winter maneuvers. The cruisers were the Detroit, flagship of Rear Admiral A. L. Willard, and the Marblehead. The cruisers will put in at Hampton Roads to take on the naval aviation detachment.

REPRESENTATIVE FROM THIS STATE SUFFERS RELAPSE

WASHINGTON, Jan. 8.—Representative John E. Raker of Alturas, who has been confined to his bed since his hospital confinement to Washington for the sixty-ninth session, suffered a relapse today and his condition is said to be critical.

Under a special ruling of the House of Representatives, Speaker Longworth administered the oath of office to Mr. Raker at his bedside.

Mr. Raker, who represents the Second California district, and who is one of the Democratic members of the California delegation, first was elected to the Sixty-second Congress, and has been re-elected thereafter.

Injection of Politics Chief Cause of Criticism

Board Recommends Losses be Written Off

WASHINGTON, Jan. 8.—The government's reclamation policy was defended in the House today by Representative Cramton, Republican, Michigan, chairman of the subcommittee that drafted the pending interior bill. Replying to critics of Secretary Work and Reclamation Commissioner Mead, Cramton said he "favored considering projects on their merits," rather than on a political basis.

"In the past," he added, "projects sometimes have been started because some Congressman or Senator pressed for them and not because they were desirable."

He declared that "the budget" he declared "and we intend to—otherwise a budget becomes worthless."

Representative Blanton, Democrat, Texas, interrupted to ask whether the committee had not gone outside the budget to ask for \$400,000 for the Baker project in Oregon, an item which the Interior Department wanted to drop.

"Various members visited that project and considered it advisable," Cramton replied.

URGENT DEFICIT WRITTEN

The writing of \$14,417,160 as a deficit on nineteen reclamation projects was recommended to Congress by the Board of Adjustment and Survey of the Interior Department. The board also recommended that \$12,785,137 be estimated as a probable loss.

The losses were attributed to the construction of irrigation work on naturally infertile land, to inadequate water supplies and to other causes. The largest estimated loss was on the Newlands project in Nevada, where it was recommended that \$4,536,396 be charged off as not recoverable and \$813,264 be estimated as a probable loss.

Combined definite and probable losses included Klamath project, Oregon and California, \$233,395.

URGENT DEFICIT CANCELED

The board of adjustment, assembled last night, decided that the deficit would be greatly promoted by the early disposition of its recommendations.

"Human lives," it said, "are being worn out unnecessarily in the futile attempts to win a living from lands without productive values. These people, fighting against unmountable odds should receive immediate relief."

An early settlement of all such matters will hasten the development of good feeling and constructive effort on the projects.

The board pointed out that the total recommended to be written off was somewhat larger than the amount suggested more than a year ago by Secretary Work's fact-finding committee on reclamation. It added that this was due chiefly to the discovery during a later survey of lands without productive power.

The charge against the prime minister especially concerns his moral conduct. The Maharajah left for Europe with his polo team turning over the inquiry to the Premier himself who deposed the leaders of the agitation. They returned when the Maharajah came back, forcing the Maharajah to yield to their petition by passive resistance.

RAIL RATE ON MONEY CALLED REASONABLE

WASHINGTON, Jan. 8.—Rates charged by express companies for transporting money were held reasonable today by the Federal Reserve Bank. The testimony showed rates ranging from 45 cents for shipping \$200 in gold from New York to Philadelphia up to \$14.25 for shipping \$10,000 in currency from New York to San Francisco, and the commission held that the guarding and checking necessary justified the charges.

FOUR MORE MEXICAN REVOLTERS EXECUTED

ZACATECAS (Mex.) Jan. 8.—Col. Arredondo with a detachment of 200 men has reported back to headquarters here that he routed and dispersed a small band of insurgents in the Chapon Juquila, in a local fighting, capturing and killing two rebels and capturing four leaders, who were executed. The total of rebel chieftains executed since last Sunday numbers seventeen.

PORT RECEIPTS SET NEW MARK

Customs Collections Beat Former Records

Excel Other Half-Year by \$43,000,000

Business Well Distributed Among Harbors

WASHINGTON, Jan. 8.—Customs receipts set a new high mark for the six months from June to the end of last year, with a total income of \$292,621,815 or approximately \$45,000,000 greater than the record established in the half-year ended December 31, 1925.

It was predicted at the Treasury that receipts for the current fiscal year which will end next June 30, will exceed \$600,000,000 marking a record for any one year.

The steadily growing import business comes at a time when Assistant Secretary Andrews of the Treasury is giving consideration to the creation of a bureau of customs, headed by a commissioner.

COLDS THAT DEVELOP INTO PNEUMONIA

Persistent coughs and colds lead to serious trouble. You can stop them now with Creamulon, an emulsified creosote that is pleasant to take. Creamulon is a new medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creamulon contains, in addition to creosote other healing elements which soothe and heal the inflamed membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germ.

Creamulon is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchitis, asthma, and other forms of respiratory diseases, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold is not relieved after taking according to directions. Ask your druggist. Creamulon Company, Atlanta, Ga.—Advertisement.

Southern California Conference Basketball Season Opens With Two Tilts Tonight

GRIZZLIES MIX WITH REDLANDS

Caddy Works's Athletes
Doped to Win EasilyWhittier Host to Occidental
Casaba TeamRival Squads Meet Each
Other but Once This Year

Basketball, king of indoor sports will burst forth in all its glory, when the 1924 Southern California Conference basketball season gets off to a flying start this evening. Two prospective fast clashes are on tap, with Occidental meeting Whittier on the Post's court, while the local University of California enters Redlands on the Los Angeles Athletic Club pavilion. Both tilts are scheduled to begin at 8 o'clock. Pomona will be taking on the Stanford quintet at the same hour in Palo Alto, Caltech draws a bye this week.

After much talking on the subject of overconfidence, Coach Caddy Works has convinced his Grizzlies outfit that Redlands will be out to beat them, and under certain conditions might be able to turn the Grizzlies into a team. The Grizzlies will be out to turn in their eighth victory of the year and at the same time get off to a good start in the conference race. Redlands got off to a poor start in practice games, but according to Bulldog fans Coach Works' team has improved since the Redlands five during the past week.

The Grizzlies regulars have gone through a difficult pre-season string of games and it is probable that Works will start his second string in the fray. Horace Brees, however, will start at running guard. Brees has been the outstanding Grizzly player so far this year and the key-note of the Grizzly defense, which so far has proven this season impenetrable. Jack Ketchum and Jimmy Armstrong, Brees's running mates at guard.

Casaba and Whittier are scheduled to furnish the Post fans a treat. Whittier so far has had the best record, but a tilt between Tiger and Post teams is very seldom on until the game is over. Whittier has a veteran crew this year. Eddie Williams, center, is scheduled to start at forward with Williams at center. Denny and Nece will probably start at guards.

The Tigers have yet to find a smooth working combination, but it is expected that Oak Smith will be the Post's something to worry about. So far Solly Mashkin and Charles Black have been the Post's best bet, and will probably start. Howard Black, another of the Post's best bet, will be seen at center with Mike Godett and Merle Gregory at guards.

Winning the conference championship this year is going to be more difficult than in past years, and the team that comes off the top will be the team that has played in the Olympic Auditorium which will be able to seat a crowd of 15,000 fans.

U.S.C. QUINTET TRIMS UTAH

Continued from Ninth Page

Boyer and Thomas gave the locals a five-point lead as the first half closed and by dint of some well-timed rebounding by "Laneta" and Johnny Hunter the second half passed with the Aggies cutting down but one point of this margin.

The Trojans got six points via the foul route while two of the visitors' most were of the same variety. U.S.C. missed a flock of other foul shots. A red-headed gentleman by the name of Wade played running guard for Utah. He and Laneta came pretty close to being the big noise of the evening.

Prior to the game the lights were dimmed for 10 seconds out of memory to the late Andy Smith.

Summary:

U.S.C. (33) 21
Utah (28) 21
Boyer (14) 10
Thomas (14) 11
Wade (12) 10
Laneta (10) 10
Hunter (10) 10
Boyer at half time—U.S.C. 21; Utah 10.
Overtime for Hunter, Utah; Williams, U.S.C.
Referee—Jack McKee; referee, Leo Dempsey.

GREB, LOMSKI OAKLAND SCRAP IS UP IN AIR

OAKLAND, Jan. 8.—A case of "mixed signals" involving Harry Greb, world's middleweight champion, and Tommy Simpson, Oakland boxing promoter, appeared today to have put a proposed tilt between the two men considerably "up in the air."

Negotiations were being carried on again today by Simpson. Leo Lomski of Aberdeen, Wash., running Pacific Coast middleweight, has been selected by the Oakland promoter as the most logical opponent for Greb.

Tomorrow's soccer games at the Loyola Field, which signalize the resumption of league play, are holding the interest of local fans and a bumper crowd is looked for, according to officials of the league.

All four teams that perform tomorrow have made good use of the lay-off by practice workouts and it is reported that each participant will take the field in excellent condition and with their first-string men in uniform.

Whether the Wascos will be able to sting the Scots as they stung the league leaders is a question that is agitating the local soccer colony. The memory of that feat

Hoosier State Just One Huge Casaba Floor

BY AL DEMAREE
(Former Pitcher New York Giants)

The State of Indiana is in effect just one gigantic basketball floor during the winter months. The sport with its swift action every moment is fast becoming the biggest game in winter sports.

There are approximately 700 high schools in the Indiana State High School Athletic Association, all of which have basketball teams. The grand finale is a State tournament held over three weeks, commencing in late February and the first week in March.

The State is divided into six districts and the winners of these six districts are to meet in the State finals. The following week, then the two finalists in the regional games come to the State finals (the one game all) for the championships held in Indianapolis.

The interest in these games can be realized when last year at the State finals approximately 70,000 spectators witnessed the two days' play during the morning, afternoon and night sessions.

There are also about twenty college teams in the State and practically every city has a dozen or more independent teams, thus running up into the hundreds.

Indiana is certainly basketball dippy!

SANGOR LOSES TO DOC SNELL

Continued from Ninth Page

Jack Roper Hammond, who aspires to mix ducks with none other than the world's champion, California sailor, took a decisive decision over Jimmy Byrne in the six-round semi-wind-up. For a heavyweight battle, the fight was fast and furious. In the early rounds, Roper, although taking the fight by wide margins, showed plenty in the stomach. Byrne had a wicked left hand, which he drove into Roper's stomach with much effect.

Roper damaged Byrne badly about the head with rights and lefts, and after the fifth round, right eye with a solid left, which opened the optic to the bone and caused the gentleman no little trouble.

Johnny Godinez, clever 113-pound Mexican split fire was a well earned decision over Al Fugaro in the special event. Godinez carried the fight to Fugaro during the greater part of the bout. His sharpshooting lefts to Fugaro's solar plexus piled up a good margin and took some of the wind out of Fugaro's sails.

Fugaro, who favors counter punching failed to get to Godinez often enough to count. Frankie Ray and Champ Monroe pasted each other all over the ring for four boudy rounds to a draw. Both boys played each other with a barrage of rights and lefts to the head, but neither showed a decisive lead at the end of hostilities.

Young Polo out hit Bobby Payne to take a decision in the opener.

HOFF ARRIVES FOR THREE MONTHS STAY

NEW YORK, Jan. 8.—Charles Hoff, holder of the world's pole-vault record and all-around athlete of Norway, arrived in this country today for a three months' visit during which he will compete in many of the leading indoor meets.

His first appearance will be at the University of California at Los Angeles Square Garden February 4.

Smith unquestionably was a great coach, one of the great ones that ever lived. He knew the game from the ground up, progressed with it, had the ability to teach and the wisdom to see the game through to the end.

When we think of old-time athletics we are reminded that the game of football was not as popular as it is today.

HOLLYWOOD CAGERS WIN

Toilers Trample Democrat Five; Roman Quintet Hands Franklin Smashing Double Defeat

Coach Bill Paige's Hollywood quintet made its debut yesterday by administering a 23-to-12 trouncing to the Polytechnic cagers after a hot struggle played in the Footlighters' gym. The Movie City outfit completely outplayed the Mechanics, who showed a flash in the third quarter, but otherwise played very ordinarily.

Hollywood took the lead in the opening quarter and by the time the half was over, the Red and White crew was in front by a 13-to-4 margin. Capt. Jim Meers and Hal Helgren led the scoring for the Footlighters.

Poly made its big bid in the third period and crawled to within 5 points of the Footlighters. However, the team's points were soon squelched the rally and from then on had everything its own way.

In the preliminary tussle, "Cop" Mahoney's Poly lightweights nosed out the Hollywood midgits, 13 to 11, after an exciting struggle. The work of Capt. Boelter won for the Mechanics, the Poly forward scored 8 of the team's points, including the winning basket in the fourth quarter.

TOURNEY INTEREST FOCUSING AROUND SEVENTEENTH GREEN

BY THE GOLFER

"Bo's your old man," said doughty Ernest Martin of Carnation, as he congratulated his 17-year-old son, Dary Martin, on shooting a 75 in the first round of the Los Angeles \$10,000 open golf championship. And there was a reason—for Ernest had just come in with a 74 to his credit, thus maintaining the dignity of his parental position.

The Martins, Hott, Ernest, George and young Dary, acquitted themselves well. Hott had a 76 and George led the field with a 74 to his credit, thus maintaining the dignity of his parental position.

But it wasn't the Martins who were interested in—we were busy watching the boys play the seventeenth hole on both the north and south courses. The holes are about 120 yards in length and are in many ways similar. Both are more or less island greens and both require the utmost precision in execution.

Clay Fraser of Midwick, who tied for low with 83, took a 2 on the seventeenth, south. His tee shot was a half-mast, was fifteen feet to the left of the pin. His putt, a darning played and perfectly judged rainbow, was in all the way.

Dapper Will Mehlhorn, we refuse to call him "Wild Bird," had a perfect birdie 2 on the seventeenth, south. His high pitch tee shot and stopped three feet to the left of the pin and his putt spanked the back of the cup and dropped dead.

Before we go further, it was most interesting to note that the many very efficient, lady golfers took an almost morbid interest in the players they were checking up on and we talked to at least three or four who were in the double digits in pair because their charges suffered from nervousness.

A Set,
driver, brassie, spoon
hand made clubs
to fit the swing

Our purpose in balancing the three woods to the exact same leverage weight is so that they will feel identical. The metal

the selected stock into clubs that fit the swing and then balance the three woods by hand until the player has the 'feel' of just one club regardless of the wood used to be played. This avoids a condition, not uncommon of having one wood that's 'the old reliable' and two that may possibly work. Made to order clubs cost no more.

STOCKS SAG ON NERVOUS MART

Unexpected Action of Bank Unsettling

Rise in Rate Brings Rapid Fluctuations

Some Lost Ground Recovered in Late Rally

(BY A. P. NIGHT WIRE)

NEW YORK, Jan. 8.—Extreme nervousness, resulting from the unexpected increase in the New York Federal reserve discount rate, characterized the trading in today's stock market. Prices reacted 1 to 4 points at the opening, recovered about half their losses before the end of the first hour, turned weak again in the early afternoon and then rallied again toward the close. Final quotations were irregularly lower, net losses in the popular industrials ranging from fractions to 2 1/2 points, with a few specialties showing substantial gains on the day. Trading was in relatively large volume, the day's sales running well over 2,000,000 shares.

While the higher discount rate probably will provide a check on speculative stock market activities, bankers pointed out that credit conditions were sound and that a plentiful supply of funds at relatively low rates was still available for legitimate business enterprises. The reserve bank's action is expected, in some quarters, to bring about a substantial reduction in loans on stock collateral.

SURVEYS FAVORABLE

The weekly mercantile reviews continued optimistic. Bradstreet states that "trade and industry show some decrease in movement when compared with the intense activity of the holiday weeks, but when the initial week of 1926 is set aside the like week of last year, it is found that this year's take off exceeds 1925 on almost every point." Dun's reports that "the customary slowing down for the purpose of inventory has been less marked than usual," adding that "the agricultural districts are in a position to buy more largely than was possible at this time last year, and savings banks deposits

Go To Church Sunday

Why You Should Go to Church

BECAUSE:
No nation rises above its home-life.
No nation rises above its religion.
Reverence for God results in reverence for law and order, and will preserve our nation.
The American home ideals are the peculiar product of Christianity, and if our Christianity declines, our homes must suffer.
Homes that have a family altar never go to the divorce court.
The Church is the medium through which Christianity is broadcast to the world.
This being self-evident every American citizen should attend church.

OH, WELL - WHY SHOULD I MAKE A PIN-CUSHION OF YOU TO STICK MY TROUBLES IN? WHEN I LOOK BACK OVER THE PAST MY WHOLE LIFE DARKENED BY ONE MAN'S INHUMAN TREATMENT - OH, WELL, IT WAS MY LOT -

THERE! THERE! I UNDERSTAND - BE BRAVE -

THAT WATER HAS GONE OVER THE WALL - TRY NOT TO THINK OF IT -

I SUPPOSE I SHOULD HAVE STUCK TO HIM - I SHOULD HAVE BEEN THE DOORMAT - LET HIM WIFE HIS FEET ON ME - I SHOULD HAVE MY PRIDE AND BURY MY SELF - RESPECT AND CONCEAL MY SUFFERING - SACRIFICE MY LIFE ON THE ALTAR OF A MAN'S CRUEL SELFISHNESS -

OH, WHAT IT MEANS TO TREMBLE WITH FEAR AT THE SOUND OF EVERY FOOT STEP - TO WAKE UP SCREAMING WITH TERROR AT ANY NOISE - NOW I PRAYED FOR DEATH -

Expert Says Coolidge Fate Depends on Outcome Price-Fixing Demand Drives President's Opposition

By a "Times" Staff Correspondent PARADISE, Jan. 8.—The continued national political strength of the Coolidge administration depends to a very large degree upon the outcome of farm legislation in response to demands from Middle Western farmers that the government adopt protective grain marketing legislation in the opinion of Floyd B. Todd of Moline, Ill., nationally known expert on farming conditions, and vice-president of Deere & Co., the world's largest manufacturers of plows.

This image shows a blank, aged, cream-colored page, likely an endpaper or flyleaf of a book. The paper has a slightly textured appearance with some faint smudges and discoloration, characteristic of old paper. The left edge of the page shows the binding of the book, and the overall tone is a warm, off-white or light beige.
